DEMUNI PROJECT

SCALE OF GAINS AND BENEFITS

Together, let's weave our future!

More than a membership, it's a vision!

More than a membership, it's an opportunity!

1. PROJECT PRESENTATION AND VISION

1. Make a donation equal to your membership in this DEMUNI project, as its name indicates, that is, to accept the ideology of **CREATION JAMES** and its community; Based on this motto: **UNITY – LOVE – AND RESILIENCE.** That is why anyone who wants to collaborate with us must join this vision through a membership link that will be given to you by the first people who are already registered.

2. Its membership amounts are subdivided as follows: A large part is returned to the Member as a reward, out of the love of the DEMUNIS that they show by making their memberships. And the efforts of some, who will in addition provide information by sharing it around them so that our community grows; As our needs are not the same nor at the same time. Because of their rewards, some will become more interested in the project and others not.

3. But by setting up this reward plan for the members of the community, these are moments of sharing, joy and learning to know one another in **Unity**, in **Love** and in Resilience as one creates it. In addition, if you are in an Activity that has set up a system; which allows you to rise from grade to grade, like a student who starts in CP1 up to university and beyond; this helps people to gain confidence in themselves, leadership and other good skills.

4. A part of the memberships will be used to set up our flagship education project: literacy, evening classes; and upgrading for the members of our Association.

5. A part will be used to support widows, orphans, the vulnerable, all people in need, pupils and apprentices in their training.

6. A part will be used for the needs of the association, the employees, the offices of the association, the charges and other needs for better operation.

7. That is why, if you like our vision and want it to have enough impact, then let's make donations as much as we can. Apart from the portal of the Demuni Project, which serves us to make small donations, there are other tabs that allow making big donations for specific projects, and to get noticed as a Benefactor or a Sponsor of our Association, which will have your name and activities on the site.

3. SUMMARY AND PROGRESSION

The amounts we have set for the rewards on this platform may be revised upward if we find that the percentage allocated to this component from the membership money we receive is not being consumed up to the level of this percentage; Likewise, this may be revised downward if we find that it exceeds the planned percentage; because to reach the end of the 10 stages, it may take a few years, so we cannot say today with accuracy that our forecasts will be exact, it is human work.

THANK YOU FOR YOUR UNDERSTANDING.
